Started With Rash on Face. Would Dry Up and Form Scabs. Watery Substance. Cuticura Soap and Ointment Cured. They Also Cured Other Two Children of Eruption.

73 Albion St., Newton, Mass.—"I have six children and used Cuticura Soap and Ointment on three of them. One girl ten years old had sores on her head. I used a box of Cuticura Soap and Ointment and it healed very quickly.

"Now within this last year my little boy, two years old, broke out with a mass of sores on the skin of his head. I then broke into sores all over his head. The day it would dry up and form scabs, later in the day a watery substance would come out and commence itching. During the night he would scratch and in the morning his face would be all raw. His hands, neck and throat were covered with blood. I had to make bags out of flannel to put on his head and neck. I then started using Cuticura Remedies. From then on the face started to heal and I kept at it until he was cured."

(Signed) Mrs. G. S. Macomber, Feb. 15, 1913.

SALTIC

The storm of Sunday was one of the worst experienced here in many years. The damage resulting directly from the storm was not very great throughout the town. In the Big Flats numerous large branches were blown from the trees across the electric wires, and for a short while Sunday evening the houses in this section of the town were in darkness owing to the damage done to the electric wires by the branches which were blown down.

The terrific storm made the Shetucket river rise considerably, and below the dam the river was a raging torrent. Several bridges were damaged to the extent of several feet. Further down it was so high that it reached the top of the lower windows in the great mill. From the outlying districts reports were received of the blowing over of many trees, and in some instances small sheds were torn from their foundations and carried some distance.

Disabled Trolley Service. From 1 o'clock in the afternoon until 11 at night no cars were run to Wilimantic, and many had to wait until 6 o'clock Monday morning before they could get a car to Norwich.

WESTERY TOWN HARBOR C. A. R. "CASCARETS" IF CONSTIPATED, SICK, HEADACHY, BILIOUS—DIME A BOX

Petition of John B. Brown For Memorial Day Granted—Shore Road Neglect Case Bobs Up Again—No Change of Action in Bradford Club License Decision—Storm's Terrible Destruction at Pleasant View.

John B. Brown, representing Bradford, was at the meeting of the Western town council Monday, and asked for the free use of the town hall for the Memorial day services.

He stated that the local branch of the Grand Army of the Republic had no funds with which to hire the town hall for that special purpose and inasmuch as it was a town building and that the veterans should be accorded the use of the hall without being charged with the rental. There was no other available place and Mr. Brown believed the people of Western would favor the free use of the town hall for public memorial services.

Councilman Langworthy said it would hardly do to let the town hall be given to the Grand Army of the Republic for the free use of the hall for Memorial day services. The hall was required for the rest of the year and he would not contribute half a dollar.

Mr. Brown stated that he would not contribute a subscription paper to the funds for such a purpose, as he believed the veterans were entitled to use the town hall for the public exercises.

Councilman Thomas favored granting the request of Mr. Brown and he would personally be responsible for the rental.

Councilman Langworthy spoke in favor of granting the request.

John Catto, a spectator at the session, stated that if there was no objection he would be glad to be allowed to pay \$5 towards the rental of the town hall for such a purpose. He has offered \$5 to the council and Mr. Brown thanked him. The balance, \$7, was contributed by the councilmen. Then the request of Mr. Brown was granted by unanimous vote of the council.

President Frederick E. Fowler of the Western Textile company, stated that the damage to Pleasant View had been escaped destruction by reason of the strong wind and high sea of the day and that he desired to move it to a place of safety. He asked permission to remove his cottage and the building about 500 feet along the trolley tracks which he believed could be done in one night and without interference with trolley travel.

It might be necessary to cause temporary change in the telephone wires and he asked that the town should be harmless from damage and that the highway be put back in as good condition as before the removal of the buildings.

Attorney John W. Dunn, representing Frank W. Coy and Mrs. Katherine Welch presented a claim for damages by reason of breach of contract on the part of the town of Western. The petition with the shore road improvement. In support of the claim he submitted a copy of the contract and pointed out the violations, with special reference to the building of stone walls. He also claimed damages by reason of lower rental caused by the refusal of the town to build these walls as agreed, so that sections of the land on the farm could be utilized for pasture. The strip of land fifty feet wide was situated between the Coy Welch farm for highway improvement, under conditions stipulated in the agreement, but it was ignored by the town authorities.

Councilman Langworthy stated that the town of Western had agreed to build a certain wall along the premises and do some work in the vicinity of the farm house as consideration for the strip of land for highway purposes.

Councilman Flynn asked if the state representatives had complied with the agreement made with the town. If not the town is responsible for it. It is up to the state to make good to the town. The whole matter was referred to the committee for investigation and the committee was authorized to consult with the Coy Welch interests.

Attorney A. T. L. Ledwith said that while he did not want to appear in the title role of the town of Western, he felt that the town of Western had agreed to build a certain wall along the premises and do some work in the vicinity of the farm house as consideration for the strip of land for highway purposes.

Three Tenement Houses in Staffordville Burned, Loss \$5,000—Partly Covered by Insurance.

Fire destroyed two large three-tenement houses in Staffordville at an early hour Sunday morning. One was the property of the late George Meyer and the other was owned by George Meyer. The fire originated in the rear of the house of George Meyer and family. Its cause is unknown. It was first discovered by John Schindler and his family, who were sleeping in the tenement upstairs. She smelled the smoke and was almost suffocated before she could get out of the house. The tenement in the west end of the house was also consumed.

The latter house was occupied by the families of George Meyer and Joseph Taro. They saved some of their household goods. The loss will total about \$5,000 and is partly covered by insurance.
